Dear Mr. Norfleet:

This letter is in response to your requests for additional information, dated April 23, 2010.

Each letter indicates that Schedule E for Line 24 discloses memo entries for independent expenditures made on behalf of several candidate committees. These were not intended to reflect outstanding debt, but indicated independent expenditures made by the Committee for use of its own list to solicit funds for each federal committee and for expenses "charged" by the Committee for processing of contributions received for each candidate committee. These memos were reported as expenses to each candidate committee.

After consulting with the reports analysis division, every report referenced above, as well as any other report with similar reporting methods is being amended to reflect each expenditure with the Senate Conservatives Fund as the payee. Those expenses related to use of the Committee list for solicitation will continue to be reported as memo entries because there is no actual expense. Those independent expenditures made for the purpose of processing the contributions will be reported as actual expenses to the Senate Conservatives Fund with an adjusting entry made to operating expenditures for balancing purposes.

All independent expenditures were NOT made in concert or cooperation with or at the request or suggestion of any of the candidates, their authorized committees, or any agents of these committees.

Sincerely,

Lisa Lisker  
Assistant Treasurer
